Teaching and Learning- A sincere attempt is made to complete the teaching learning schedule as per the calendar provided by the university using the audiovisual teaching aids and various teaching methods wherever possible. Examination and assessment programmes are implemented strictly.

Curriculum Development - As Institution is Affiliated type it follows curriculum developed by the university. only few faculties who are member of board of studies are involved in the process of curriculum development.

Industry Interaction / Collaboration- Since the college is located in the industrially backward region, there is little scope for industry interaction. However, some interactions with the local spinning Jennings have been established and the students visit the industry and take information.

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The thrust area of the institution is to provide higher education to rural masses in general and girls to particular. Sonpeth is a remote place detached from the other Talukas and District in respect to means of transportation and government offices, facilities etc. Even today, there are many villages where the students have no access to reach to college. Hence "Reaching to the Unreached" is the very mission of our institute. Ours is a coeducation college where we do have multi faculties i.e.

Arts, Commerce and Science faculties. Wehave distance education

center B. A. and M. A. for those who are out of stream of education since long and want to continue the higher education. Besides the priority areas, our institute performs in the area of student adoption. Our students come from the agrarian families who are not financially so sound. Most of the students are unable to pay their admission fees and couldn't afford to come to college bybus. We have a student adoption cell along with mentor mentee committee to find out such students who are in dire need to support financially for various purposes. After identifying the needy and genuine students, the coordinator puts the matter in monthly meetings and the faculty members adopt such students and help financially and council them throughout the year. The committee keeps its record but never make it public so that the self-respectof the student must not get hurt due to such events.
